3. First Member's Minute dated 2nd April 1925 on the above.

This question requires careful examination. Now that the Sanskrit School is treated as a purely Educational Institution with which the Muzrai Department has nothing to do, I do not see why any grant should be made at all from the Muzrai Department for the feeding of the students of the School. A separate note on this subject with previous references may be put up.

Intd. K.R.S.

4 As decided by the First Member in his minute above copied, Muzrai file 14 of 1923 and Mug file 34 of 1896-7 are submitted for ~~reference~~ perusal. Kind reference is solicited to the Calo Murdoch? Rao Bahadur Mr. A. Srinivasachariar's enclosed note in Mur file 34-96 giving a history of the Bangalore Anna Chattram. It shows

how it was originally a Muz: Inst^n getting a Cash grant of Rs 1563-5-0 per year, how owing to mismanagement, a sum of Rs 800- out of this grant was diverted in favour of Sarvida the Hon^ble Chairman of the Co^m in Station, how after the Rendition, this amt was given back to the Chairman in consideration of feeding 15 Students of the Sanskrit College at Bangalore, how the Municipality, requested for an enhanced grant was refused, the Muz dept being willing to take it back under their control in case the Municipality did not find it convenient to manage the Chairman & feed 15 Students with the existing grant of Rs 1563-5-0 & how finally Govt^t decided that no change need be made in the existing arrangement. both the college was started purely by Brahmans and attended [illegible] solely by Brahman students. Though as the Inspector General of Schools points out there was no specific preference made in favour of Vedic students in the matter of free feeding in the Chatram, a preference was thought necessary at the time, yet, it is quite reasonable to consider that judging from the tendencies of those days, the preference in favour of Veda or Bhagya Students could be acquired, as it was always thought that it would be maintaining to feed Students of Vedas. Even now this idea prevails in many a Hindu Home.

6. Further, as the first member has been pleased to observe in his minute, the sum of Rs 800 is a Muzrai grant, and as the Muz dept has nothing to do with the Sanskrit College in its present condition there is no reason why the Muzrai grant should be made in favour of a purely Educational

& the Sanskrit Pandit told me that 2 students who wanted to join the Patasala could not do so, as there were no feeding arrangements made for the Veda & Prayoga students, and that what was much ~~wanted~~ urgently needed was proper arrangements being made to feed students, the giving of scholarships being restricted to persons who resided in their own homes or visited them

The dewan pandit is of the opinion that this amt together with the Muzrai grant of Rs 900 to the Bangalore chatram, and suitably assisted by Govt will enable us to arrange for feeding the 30 of the Vedic students, and with two sets Rs one mutt. This does not, however, seem to be a feasible arrangement. It is desirable to leave the Govt for sch Rs alone without utilising them for this purpose.

10 It is respectfully suggested in this connn: that the Heads of important & wealthy mutts who are all interested in the teaching of Vedas might be addressed as to their contribution for the expenses of feeding Vedic & Sastra students. Each of the

MUZRAI COMMISSIONER'S REMARKS.

14 File returned with compliments.

GENL. & REV. SECTION. 9 JUN. 1925 G. D. SECTION.

15 As has been so forcibly put in the previous pages of these notes it is very necessary that -- some satisfactory arrangements should be made for free-boarding of the moffusil students studying in the Veda and Prayoga Patasala. Students to these classes are mostly drawn from the poor Vaidika families and they cannot be expected to maintain themselves in moffusil places. The old form of doling out charities by way of Waras and Bhikshanna is fast disappearing and the moffusil students are finding it increasingly difficult to find a living and -- prosecute their studies. If the right sort of

NOTE—Contn. Sheet

students

Serial No.

students have to be recruited and the efficiency of the Patasala maintained in an unimpaired condition, ways and means for maintaining a free-boarding --- home have to be thought of.

16 2. Taking for granted that the strength of the home will be 30, the minimum monthly cost will be Rs.250/- a month or Rs.3000/- a year and this --- works out at Rs.100/- per student per annum. The Patasala building towards the rent of which a grant of Rs.30/- a month has been applied for in connection

(1) with the budget estimates of 1925-26 ought to serve the purpose of a boarding home also. The vessels and other appurtances of one or two Government ---

(2) Chattrams which have been closed recently may be - advantageously transferred to the Boarding House, as such an arrangement will considerably lessen the initial outlay. No better use could be found for these things.

17 3. In consideration of the fact that a sum of Rs.800/- a year is paid from the Budget of the Muzr. Department ø to the Bangalore City Municipal ----- authorities, 15 students of the local Sanskrit College are given one meal a day in the Government anna -- chattram. There has always been a complaint that the quality of food leaves much to be desired. Moreover, the long distance that the students have to cover in the mid-day sun in going to and coming from the chattram used to work as a great hindrance in their studies.

NOTE—Contn. Sheet

18 Notwithstanding these disadvantages, it was proposed in my note dated 25th February 1925, as a -- measure of equity, that for the present 6 students of the Veda Patasala should be fed in the chattram. Even for that the Inspector General of Education is not agreeable. The ~~student~~ statement said to have been made by the Principal to the effect that "free feeding of certain students of the College in the ----- Government Anna chattram was never intended for -- students of the Veda classes, as these arrangements have been in existence even before those classes were constituted," cannot go unchallenged- Reference is invited to page 210 of the Muzrai Manual wherein it is stated that in addition to other branches of learning, the teaching of Veda, sub-divided into Rik, Yajus and upanished - was introduced into the then existing Patasala in the year 1885. To provide 15 students of the College with food daily in the chattram was ordered in 1892 and the fallacy of the -- statement made by the Principal is patent to need any further explanation. At the time the Muzrai grant of Rs.800/- was transferred to the Municipality, the Patasala had not come into existence and even if it had come, it had no official recognition. The strength of the Chamarajendra Sanskrit College always depended on the number of students in the Veda and Prayoga sections which consisted of the bulk of -- students studying in the Institution at any time and this incontestable fact is fully borne out by present

Vide G.O.No.M.562-3/ M.F.34-96 D/14-3-1892.

present experience. The College being run on -- strictly orthodox lines and admission being restricted only to the brahmin community, it will not - therefore be far from the actual truth if it is -- affirmed that free-feeding in the chattram was meant for Veda and Prayoga students primarily, rather than to the students of other sections.

19 As observed by the Member, the College has been taken away from the control of the Muzrai Department and it is now an exclusive educational Institution. It is not understood why under the altered circumstances the grant from the Muzrai Department - should be continued. The resources of the Education Department are in a way unlimited and it might not be difficult to find the where-with-all to maintain a boarding home for the benefit of the College students. There is thus absolutely no justification for the -- continuance of the grant and it may, therefore, be -- withdrawn from 1st July 1925.

20 4. Including the sum of Rs.800/- referred to above the amounts available at the disposal of the Veda -- Patasala will be as follows:--

(i)	Muzrai grant now paid to chattram	800-0-0
(ii)	Interest from the endowment of Mr. P. G. Rao	210-0-0
(iii)	Contribution from the Sri Kudli-Sringeri Matha	192-0-0
(iv)	do- Krishnanada Matha	25-0-0
& (v)	Government scholarship	720-0-0
	Total Rs.	1947-0-0

When

NOTE—Contn. Sheet

21 When the Agent of the Śri Kudli-Śringeri --- matha was here recently in connection with the succession question, he mentioned that as the Sanskrit College had become a mixed Institution opened to - students of all communities, and the Swamigalu was not willing to continue the two scholarships of Rs.9/- each tenable there and that the same might be used for the Veda Patasala. A formal communication in the matter was also promised.

22 This gives an additional sum of Rs.216/-a year bringing the total to Rs.2163-0-0. Reserving a sum of Rs.600-0-0 a year for the grant of scholarships to local students and small stipends to others as in Mysore Sanskrit College, there will be left Rs.1563-0-0 which may be utilized for boarding charges. The application of endowments for feeding purposes does not seem to be either objectionable or opposed to the objects with which they were --- founded. If necessary, the Donors concerned will be consulted.

23 As pointed out in para 2 supra, the minimum requirement of the Boarding House will be Rs.3000/- a year, and in this view an additional sum of Rs. 1437/- (or Rs.1500/- in round figures) will be ---- required to put the scheme into operation.

24 There is reason to believe that the excess expenditure that is being incurred in H.H.the --- Maharaja's chattram in Mysore is not more on account of the influx of travellers and others resorting thereto

NOTE—Contn. Sheet

thereto but it is due to the practice of feeding all moffusil students studying in the Sanskrit-College beyond the limitations fixed in Government order No. 1283-84/M.F.17-97 dated 7th June 1901. Thus it will be seen that feeding poor students studying Sanskrit particularly vedas out of funds allotted for chattrams is neither a new idea nor foreign to the objects with which these institutions were originally founded- I am therefore of opinion that the Veda Patasala has got a prior and preferential claim for a portion of the funds set free by the abolition of Muzrai Rest-houses and chattrams. The "chattram savings fund" cannot, I submit, be utilized for a nobler and more ----- benevolent cause than feeding a limited number of highly deserving students of the Patasala.

(4)

25 Consequently, I beg to recommend that a sum of Rs.1500/- per annum may be sanctioned from the "Chattram savings Fund" for the purpose and feeding commenced from the earliest possible date, and -- thereby alleviate the extreme hardship which the moffusil students are undergoing at present.

26 As regards contributions from Mathadhipathi, I am not very hopeful if any substantial help will come from them having regard to previous experience. In connection with the reorganization of Sanskrit studies in the State in 1917, almost all the heads of important Mathas were written to seeking their financial aid and co-operation in starting the Veda

& (iv) Sri Sripadaraya Matha (100/- "

only responded. Since then the latter two have also discontinued their contribution.

27 The Swamies of the Sri Sringeri, Sri Parakala and Sri Vyasaraya Mathas intimated that they were already spending a respectable portion of their income in maintaining Patasalas and supporting Vidvarthis and that they could not contribute anying. The Swamies of the Sri Uttaradi and Sri Raghavendraswami mathas evaded a direct answer; but it is a fact that they have also been spending some money in the advancement of Sanskrit education on old traditional lines. I have therefore not placed myself in communication with any of the mathadhipathis and if it is still the desire of Government that they should be consulted, I shall do so on receipt of further instructions.

28. For reasons given by the Hon'ble Minister in his note above, I agree with him that the grant of Rs 800 p.a. which is now made from the Hon'ble Minister's Budget for the feeding of 15 students in the Bangalore Chattram should be utilized for the benefit of the students of the Vedapathasala alone & that no portion of it need be made available for the students of the Chamarajendra Sanskrit College which has been transferred from the control of the Education Dept and thrown open for all communities.

29. If provision has to be made for the feeding of the students of Sanskrit College, it may come from the Education Budget: and the Hon'ble Minister's grant of Rs 800 per annum should be used for it.

(After the result is decided, the question regarding the Hon'ble Minister's above award for the feeding of the students of the Vedapathasala may be taken up.)

I have discussed the question of free feeding Vernacular Students with the Director of Public Instruction in the presence of the Students of recent visit to the Patshala with him. It was agreed as a result of discussion that in view of the practical difficulties in the way of opening a hostel for the free feeding of Students, this proposal may be abandoned for the present and action taken to increase the Scholarship grants for Students - particularly Mohammedan Students who have no facilities for study in Bengali - by supplementary grant with private contributions for which an appeal may be made to the influential Muslim gentlemen of the Chittagong Division & private gentlemen who are likely to respond to this appeal. It was also decided that the Mohammedan Students may be provided with free lodging as at present [illegible] and that cooking utensils as also well furnished accommodation may be also provided for them as far as possible. So far as the Chittagong Town is concerned, arrangements for free mess & cooking charges may be made from the Scholarship amounts granted to them.

The Director may be requested to take the necessary action on this above lines & confirm the action taken for this & for
